

GROUP TRANSIT ASSET MANAGEMENT PLAN

SPONSORED BY

Virginia Department of Rail and Public Transportation

Federal Fiscal Year 2018

Introduction

Transit asset management is a strategic and systematic process through which an organization procures, operates, maintains, rehabilitates, and replaces transit assets to manage their performance, risks, and costs over their lifecycle to provide safe, cost-effective, and reliable service to current and future customers.

Transit asset management plans are required for all Federal Transit Administration (FTA) grantees per MAP-21 legislation. Moreover, developing a transit asset management plan makes good business sense. The benefits from enhanced asset management practice include better customer service, improved productivity, reduced costs, and optimized resource allocation. An asset management plan can also improve an agency's communication with policy-makers and stakeholders by providing a clear framework for the prioritization of capital investments and providing credible data from which to communicate capital and operating needs.

Purpose of this document

This Asset Management Plan (AMP) has been developed by the Virginia Department of Rail and Public Transportation (DRPT). It serves as a Group Plan for many of the Tier II providers throughout the Commonwealth of Virginia. Creation of this AMP has involved coordination with all members of the group plan. This AMP represents a roadmap for improving the state of good repair of transit assets. The AMP documents the Commonwealth's policies for asset management as well as the funding practices that will improve asset management outcomes.

Approach

DRPT has long emphasized the state of good repair in the awarding of state and state-controlled federal funding. Ten years ago, the Commonwealth Transportation Board (CTB), DRPT's governing board, declared the maintenance of existing assets as the number one priority for grant funds. DRPT is currently developing new policies to further prioritize the state of good repair in the funding decisions made.

Identification of Members

All of the Tier II providers within the Commonwealth were invited to participate in the DRPT-sponsored group AMP. A list of the providers that accepted and joined the DRPT group plan is presented at the end of the AMP, in Appendix E.

Asset Management Baseline Assessment

DRPT has collected asset data on rolling stock from service providers of all sizes for almost ten years. Using that data, DRPT prepared a listing of asset data by vehicle type. This data was used to identify the current state of asset management maturity as compared to industry best practice (per the FTA's *Transit Asset Management Guide*).

As discussed in Investment Prioritization below, DRPT is developing a project based prioritization process, as required by new state legislation passed in 2018, for prioritizing the allocation of capital funding. The new process will be utilized for the award of state capital funding beginning in state fiscal year 2020. Because this will be a new process for all involved, DRPT and the TAMP members have decided to set conservative performance targets. DRPT is also using the ULBs suggested by FTA for this first year. As we develop better data and have implanted our new prioritization process, those selections will be reevaluated annually.

Performance Targets & Measures

Asset Category - Performance Measure	Asset Class	2018 Target	2019 Target
Revenue Vehicles			
Age - % of revenue vehicles within a particular asset class that have met or exceeded their Useful Life Benchmark (ULB)	AB - Articulated Bus	20%	15%
	BU - Bus	10%	10%
	CU - Cutaway	10%	10%
	MB - Minibus	25%	20%
	BR - Over-the-Road Bus	20%	15%
	TB - Trolley Bus	10%	10%
	VN - Van	25%	25%
Equipment			
Age - % of vehicles that have met or exceeded their Useful Life Benchmark (ULB)	Non Revenue/Service Automobile	25%	25%
	Trucks and other Rubber Tire Vehicles	25%	25%
Facilities			
Condition - % of facilities with a condition rating below 3.0 on the FTA TERM Scale	Administrative and Maintenance Facility	10%	10%
	Administrative Office	10%	10%
	Maintenance Facility	10%	10%
	Passenger Facilities	10%	10%

Asset Inventory and Condition Summary

Please see Appendices A, B1, B2, and B3 for detailed listings supporting this summary.

Asset Category	Quantity	Avg Age	Avg Mileage	Avg Replacement Value	Avg Condition / TERM	% At or Past ULB
Revenue Vehicles	1156	5.5	158,154	\$237,236	N/A	11.50%
AB - Articulated Bus	11	3.2	94,218	\$756,647	N/A	0.00%
BU - Bus	322	7.6	230,802	\$459,163	N/A	6.52%
CU - Cutaway	469	3.6	96,113	\$102,929	N/A	5.33%
MB - Minibus	66	6.8	202,335	\$259,627	N/A	27.27%
BR - Over-the-Road Bus	64	8.0	434,159	\$567,019	N/A	23.44%
TB - Trolley Bus	18	6.9	96,976	\$210,504	N/A	5.56%
VN - Van	206	5.3	93,100	\$59,027	N/A	25.73%
Equipment	125	5.9	45,309	\$29,557	N/A	23.20%
Non Revenue/Service Automobile	89	4.9	48,566	\$28,281	N/A	22.47%
Trucks & Other Rubber Tire Vehicles	36	8.5	35,646	\$35,222	N/A	25.00%
Facilities	39	12.0	N/A	\$6,561,000	4.1	N/A
Administrative / Maintenance Facility	18	11.8	N/A	\$8,306,000	4.0	N/A
Administrative Office	7	10.3	N/A	\$2,784,000	4.3	N/A
Maintenance Facility	7	17.1	N/A	\$4,785,000	4.0	N/A
Passenger Facilities	7	12.0	N/A	\$7,629,000	4.1	N/A

Investment Prioritization

Since 2014, DRPT has used a tier-based prioritization system to award state capital funding. Once an application is approved as appropriate and necessary, state funding is awarded based on the type of asset being purchased. The tier matching rates are as follows: revenue rolling stock, 68%; infrastructure, 34%; and other, 17%. This process allows DRPT to prioritize funding of revenue rolling stock over other types of assets. Funding is awarded on an annual basis, and Fiscal Year 2019 will be the final year that the tier-based prioritization system will be used. The Fiscal Year 2019 projects are listed in Appendix C.

DRPT is in the process of developing a project based prioritization process, as required by new state legislation passed in 2018, for prioritizing the allocation of capital funding. The new process will be utilized for the award of state capital funding beginning in state fiscal year 2020. This new system will be presented to DRPT's governing board, the Commonwealth Transportation Board (CTB), in October 2018. This new process will set aside at least 80% of capital funding available to address state of good repair (SGR) needs. The CTB will have the discretion to allocate up to 100% of the available state capital funding to meet SGR needs. Any remaining funds will be used to fund minor enhancements and major expansion projects. DRPT will be scoring SGR applications based on a combination of age and condition of the asset, as well as the impact of the asset on service quality. For vehicles, the age/condition points will be split between age and mileage. DRPT

anticipates that replacement rolling stock will continue to be the largest portion of the annual program of projects.

Appendix D represents a list of potential projects based on five-year capital budgets submitted by the TAMP members in FY19. This schedule is purely illustrative, due to the program modifications that are underway.

Decision Support Tools

DRPT has developed software to assist in the monitoring of assets, including condition assessments and schedules of expected expenditures. This software, TransAM, was created under a cooperative agreement between DRPT and Pennsylvania DOT, and was funded through a FTA state of good repair award. TransAM allows DRPT to track ULBs, mileage, and condition codes for all assets for recipients of state funding.

DRPT is in the process of enhancing the TransAM tool to support the implementation of the new project-based prioritization process as required by state code. TransAM currently has the capacity to support the prioritization of applications, but DRPT is working to integrate TransAM and the Online Grant Administration (OLGA) system that supports all of DRPT's grants management functions, including review of applications.

Appendix C: Current Investment Project List

Project Year	Applicant	Item	Total Project Cost	Funding Tier
2019	ALEX	Purchase Replacement Bus 35-ft (8)	\$ 3,876,000	1
2019	ALEX	Purchase Spare Parts, ACM Items (4)	\$ 200,000	3
2019	ALTA	Purchase Computer	\$ 3,000	3
2019	BAY	Replacement Body on Chassis w/ Wheelchair Lift (4)	\$ 293,264	1
2019	BAY	Replacement Body on Chassis w/ Wheelchair Lift (4)	\$ 375,940	1
2019	BAY	Purchase Expansion Bus < 30-ft (1)	\$ 73,316	1
2019	BAY	Purchase Computer Hardware (12)	\$ 6,480	1
2019	BAY	Purchase Passenger Shelters (Bus Shelters) (2)	\$ 20,000	2
2019	BAY	Purchase Computer Hardware (6)	\$ 9,000	3
2019	BT	Purchase Computer Hardware -Voice Controller Upgrades	\$ 130,275	1
2019	BT	Purchase Surveillance / Security Equipment	\$ 630,504	1
2019	BT	Purchase Computer Software - Voice Controller Upgrades	\$ 191,452	1
2019	BT	Purchase Radios	\$ 20,488	1
2019	BT	Fare Automation System	\$ 305,687	1
2019	BT	Purchase Computer Hardware - PC/Laptop Replacements	\$ 32,448	3
2019	BT	Purchase Computer Hardware - Network Switch Replacements	\$ 30,000	3
2019	BT	Purchase Shop Equipment	\$ 198,390	3
2019	BABS	Replacement (3) / Expansion (1) Body on Chassis w/ Wheelchair Lift (4)	\$ 260,000	1
2019	BABS	Building Repairs	\$ 6,000	2
2019	BABS	Rehab Admin/Maint Facility Landscaping	\$ 1,500	3
2019	BRIS	Replacement Body on Chassis w/ Wheelchair Lift (1)	\$ 80,000	1
2019	BRITE	Bus Force Account Capital Cost of Contracting - Urban	\$ 512,849	1
2019	BRITE	Bus Force Account Capital Cost of Contracting - Rural	\$ 228,136	1
2019	DTS	Purchase Expansion Bus < 30-ft (3)	\$ 336,702	1
2019	DTS	Purchase Replacement Bus 35-ft (4)	\$ 560,000	1
